Hi everyone. Hi I'm Adam my name's Olly and this is my dog, Winnie.

I am based out of the Los Angeles office, in London UK, Singapore, Buenos Aires Argentina, San Francisco office, Sao Paulo Brazil, Copenhagen office.

My name is Brittany Greathouse, I'm out of the Chicago office. I'm Abdul from South Africa and I joined Accenture Strategy a whole seven weeks ago.

My alter ego is DJ lofty. I'm also a big fans of sports.

I've been running a marathon every year since I joined Accenture.

Why did I join Accenture? I guess it's because I wanted variety, because it has the flexibility to work out, to travel internationally.

I'm a thousand miles from home which might seem a little daunting but I'm telling you it's pretty easy.

I knew that it was at the forefront of innovation. Top-notch things.

To discover new challenges, really encouraging my natural instinct to be curious.

My Accenture Strategy is rethinking the box.

I feel that I'm actually working for a very small firm.

The best part about working at Accenture is its people, sawasdee khrap!

You might be struggling with a particular topic but there'll be someone somewhere that will really help.

Everyone helps each other and no one hesitates to ask each other for the help that they need.

The best thing about Accenture Strategy is to work with smart people and hang out with smart people.

Oh my god, this is why I love Accenture!

The best thing about working for Accenture Strategy is the flexibility which will be useful when this little one arrives.

The diversity of projects, of the industries and of the people.

One of the best things we do at Accenture Strategy is to collaborate. Beyond our comfort zones.

I've really enjoyed my time at Accenture Strategy.

Enjoy Life!
