

# ACCENTURE'S CALYPSO CAPABILITY VIDEO TRANSCRIPT

Discover a new direction for driving value.

Accenture and Calypso. For over 10 years we've been Calypso's esteemed global implementation partner – with an exceptional track record of over 70 Calypso successes for over 40 clients and with over 200 Calypso SMEs.

Located across 12 global hubs and 4 near and offshore centers for a robust 24-hour delivery model, Accenture provides next generation assets and accelerators to keep Calypso clients in the fast lane.

Our Calypso capabilities include:

- System transformation
- Implementation and upgrades
- DevOps enablers
- Cloud migration
- Continuous testing
- Managed services and more

Innovation drives Accenture's Calypso solutions. We've developed:

- Exclusive environment monitoring tools and services to put you ahead of the competition
- Calypso-specific test suite for your testing needs
- Configuration management solutions to automate version control and provide total visibility across development and release cycle

Take advantage of our Calypso innovations and accelerate your investments.
