 - Seek support to develop broad resilience

About the Research As part of our ongoing research on the changing roles and responsibilities of CFOs, we surveyed more than 1,300 senior finance executives around the globe and conducted more than 40 qualitative interviews between April and June 2020.

We analyzed 245 S&P 500 companies across 10 industries to model the applications of differentiated speed—predictive, data-driven decision-making via deployment of digital technologies and zero-basing of workloads.
