

Manage the possibilities of tomorrow with future-ready finance

VIDEO TRANSCRIPT

Julie Schwendimann
VP, Global Shared Services Operations

Stanley Black & Decker By putting data and the digital technologies and the right infrastructure at the heart of our finance operations, we were agile, we were scalable and we had future-ready architecture that enabled us to have this new way of working. The decisions we had made to accelerate our finance operations, the transformation, it protected us from many of the business disruptions or anything that could be potentially caused by this pandemic and the benefits that were delivered to us went well beyond any cost savings.
