

AI FOR GOOD - DHVANI

VIDEO TRANSCRIPT

00:36
Hello Sanjay it is a bright sunny day here in Manila and I am doing very well.

00:41
How is the project going.

00:44
It is going very well.

00:47
A lot to be achieved but we are getting there.

00:50
You need any support from us?

00:53
I did not understand could you please repeat what you said.

00:56
Did you need any support from us?

01:02
All good, you all have been really supportive, will reach out if I need any further help.

01:08
So what you saw today was a very unusual conversation. We have been speaking to someone who has speech and hearing impairment.

01:16
and hearing impairment.

01:18
What we have really done with tech for good program is to use artificial intelligence

01:23
to enable people who have issues with hearing or speech and now, with the help of AI, they

01:31
can enter into video conferencing just like anyone of us.

01:38
Hello.

01:40
So how was your meeting.

01:42
The meeting was great.

01:47
We have made some great progress.

01:52
Super, by the way, have you watched the webcast?

01:54
Not yet but doing it right away.

02:02
Hello everyone, I am delighted to share my thoughts on women equality at Accenture.

02:08
At the Accenture labs as a part of the technology for a good program, we are on a continuous

02:13
journey to build an inclusive workplace which will lead to a better world with the power

02:18
of technology.
