

SUPPLY CHAIN TRANSFORMATION FOR A NORTH AMERICAN RETAILER

VIDEO TRANSCRIPT

How do you build a supply chain,
that has pin-point precision?
This leading North American retailer
reduced inventory by 30%
increased productivity by 33%
and has item store accuracy of 98%
Powered by SynOps,
our human-machine platform
that accelerates the journey
to data-driven Intelligent Operations
Now, with this innovative new model,
they can accurately predict demand:
The right product,
at the right store,
at the right time.
So that every customer
can check-out with a promotion.
Building loyalty...
...and growing the business.
